PATRONIZE HOME INDUSTRY**HOCKEY****LACOMBE TEAM WIN THE INTERMEDIATE CHAMPIONSHIP**

Before the largest crowd that ever packed the Lacombe arena, the Lacombe Hockey Team played High River to a tie on Saturday night and in doing so won the Intermediate Championship of Alberta. Lacombe went into the game on Saturday night with a one goal margin from the first game of this series and held that margin all the way through the game. On two occasions Lacombe increased their margin to two goals, but were both times equalized by High River.

Right from the bell, the High River team played a defensive game and at all times had at least three men back of the blue line. This tended to slow the game up considerably. The Lacombe forwards had to work hard for everything they got and at times they would get right through only to be stopped by Doc Blaney the star of the High River team, who played a wonderful game in goal. Burke was the first to score, on a nice piece of combination work with Day, they took the puck right through to the goal mouth, when Day passed to Burke who had no trouble in scoring from so close in. Shortly after this goal, Kwasney tied things up by scoring for High River.

The second period was much faster than the first, with Lacombe still carrying the play, and in this period, Tom Day put the locals ahead by scoring on a pass from Burke.

The last period was faster than the two previous periods. Both teams were working hard for a win, and the game was more open. Lacombe's team was playing more defensive this period, and both defence and forwards were working hard to hold back the fast stepping southern team. Watt in goal had his hands full, and was playing wonderful hockey in goal, but about the middle of this period, Kwasney again scored for High River. This was the last score of the game, and although both teams worked hard to get into the lead, their efforts availed them nothing, and the game ended 2-2.

It was a proud bunch of hockey fans who filled out of the arena at the end of the game. Lacombe won the Championship, and they sure deserved it to win. The local team was greatly handicapped, as Pete Danner, one of our best regulars was unable to play, and E. Calkins, although he played a great game, was not up to his usual game, as he had a severe cold, and had been confined to his bed up till the evening of the game. Though handicapped for the last four playoff games, they came out ahead and they are a team to be proud of.

Cannore, who now are ahead in the Provincial Senior playoff will play Lacombe in the local arena tonight in the finals of the Senior playoff. The winners of this series will play Vancouver. Turn out and give the Lacombe team a boost—they are playing the fastest Senior team in the province and will need your support. Be there early. Special accommodation for a large crowd have been made and there will be special ushers to supervise the filling of the arena, so that everyone will have the same chance of seeing the game.

BENTLEY NEWS

The three act farce "The Big Idea" met with a most excellent reception when presented by the Bentley Amateurs in the Community Hall last Friday and Saturday nights. A stage setting had been built at considerable

expense, but it was amply justified by the quality of the performance that was put on. The consensus of opinion being that this play was undoubtedly the funniest and among the best that the society has attempted in recent years. All parts were particularly well filled, but special mention should be made of the work of Beatrice Saint, Glen Williams and Percy Wilton, representing a Housemaid, Butler and Gardener respectively, these somewhat minor parts were rendered very effectively and mirth provoking by their competent handling of same. Hal Roche looked every inch the lawyer and had an excellent stage presence to assist him in his rendering of the part of Orestes, while Alice Gibson and Frank and Percy Thorp all did well and looked alike as the occasion demanded. Mrs. Percy Thorp made a most prepossessing Aunt Bessie Mullett and caused lots of laughs by her somewhat farcical remarks which were frequently very much in evidence. Mrs. Shea had a somewhat exacting role in the part of Jean Everard but she carried it off with honors while Marv Kent as Marie Allington the lady with all the ideas which when put to test reacted on her docile hubby, is receiving congratulations on all sides for her very fine performance of this, the heaviest part of the play. Following the fall of the curtain on the second act, on the last night she was presented with a beautiful bouquet of Carnations as a reward for the excellence of her work in the production. On Tuesday, March 6th this play will be presented in Lacombe under the auspices of the Golf Club, and a full house is expected.

HOW THE SUN LIFE MADE THIRTY-EIGHT MILLIONS PROFIT IN THE YEAR 1927

Participating Policyholders Receive Ninety-Five Per Cent. of Profits—
Dividends to Policy Holders Again Increased—Company Seeks Legislation to Maintain Canadian Control.

Montreal, March 1.—The phenomenal record of the Sun Life Assurance Company is an inspiration to all Canadians. Its income of \$109,000,000 is already equal to the total revenue of the Government of Canada in 1910, and \$38,000,000 is certainly an amazing sum to have earned as profit in one year. Not many corporations anywhere can report such figures. The President's intimate, practical comments at the annual meeting explaining how these huge profits were made were illuminating.

Of even greater moment, however, were his statements regarding the danger that this great Canadian institution may pass from Canadian control. Some months ago, Mr. Macaulay referred to the activity of Wall Street in the buying of Sun Life stock, and cautioned policyholders and shareholders of the menace it involved to an institution which was founded and developed by Canadians and which has obtained its phenomenal growth under Canadian management. Subsequent events have justified these misgivings, and at the meeting today the first public intimation was given that the Sun Life directors are seeking legislation at the present session of Parliament which is intended to effectively forestall this danger.

Precautions to Maintain the Company Canadian in Character

In concluding his address to the shareholders and policyholders the President made the following reference to the matter:—

"There is but one cloud on our horizon. Our very prosperity has created a remarkable demand for our capital stock. We desire to ensure that this great company shall always remain strictly Canadian in its control and in particular that its investments shall never come under Wall Street domination. A bill which we have introduced into Parliament will be submitted for your approval. If it is passed it will give us the protection we so much need, and I know you will be ready to support it."

The meeting unanimously approved of the measure in question. How important and how vital to Canadians are the interests at stake is disclosed in the report submitted to the annual meeting of the Company.

In moving the adoption of the report, President Macaulay said:—

"You gentlemen have become so accustomed to our presenting every year a statement surpassing all previous records that you come prepared to hear another report of that description. I am quite sure, however, that not one of you, in his most optimistic mood, expect a report so favourable as that which you now have. Our record for 1927 is indeed a remarkable one. Let me touch on the main features:—

Remarkable Growth, Strength and Profits
"The new assurances completed amounted to \$328,000,000, an increase over \$62,500,000."

"The amount in force at the close of the year had risen to \$1,487,000,000, and at the present moment is well over \$1,500,000,000."

"The income exceeded \$102,000,000 an increase over the previous year of \$25,800,000. To me, this is very impressive. Not only has this item passed the one hundred million mark, but the increase alone is equal to what was our total income but eight years ago, which had been accumulated by forty-nine years of strenuous effort. A life company with a total income no greater than our increase would be an important corporation."

"The assets have increased by \$56,000,000, and now exceed \$400,000,000."

"But the most wonderful of all these wonderful figures is the amount earned as profit—\$38,000,000. How great this figure is may be judged from the fact that the earnings of the previous year, in which we so rejoiced, were \$20,500,000. It would be hardly reasonable to assume that our earnings of future years will continue on such a tremendous scale, and we have therefore set aside a large part of this sum to provide for future contingencies."

A Great Surplus and Contingency Fund
"Our securities have been valued on a very conservative basis, but from our own from these moderate values we have set aside another \$5,000,000 to provide for market fluctuations, making the total deduction under this heading \$10,000,000."

"We have also set aside the following amounts:—

"A further \$1,500,000 for unforeseen contingencies, raising that fund to \$12,500,000; \$600,000 to provide for possible greater longevity of annuitants, raising that item to \$2,000,000; and \$1,300,000 to increase our reserves on tropical business; besides writing off another \$1,000,000 on our Head Office and other buildings."

"We have distributed \$11,100,000 in profits to our policyholders, and have also set aside \$6,200,000 to cover profits accrued on policies."

"After providing for all these amounts we have added \$11,000,000 to our undivided surplus, raising that sum from \$34,000,000 to \$45,000,000."

Scale of Profits Increased for Eighth Successive Year
"The announcement, however, that will be received with the greatest enthusiasm is that for the eighth consecutive year we have increased the scale of profit payments to our policyholders. The basis of distribution for 1928 will call for nearly \$900,000 more than would the basis of last year. Profits to Policyholders Unexcelled in the World."

"We can already say that in proportion to our policyholders, we are not excelled by any life company in the world; but we are not satisfied

seven per cent. But the new business of the Sun Life of Canada shows an increase of twenty-three per cent. We set our own pace. Our prosperity and popularity, and the enthusiastic support of our six hundred thousand policyholders, makes our growth both rapid and certain. The future still before us will, I am convinced, be more wonderful than anything we can now imagine. And it is indeed a happy thought that all that growth in size and all that growth in prosperity mean increased service to humanity, and service at steadily lowering cost to our policyholders."

The president closed his remarks by his reference to the need of safeguarding the future of the Company as above quoted.

The Board of Directors of the Sun Life is composed of the following:—T. B. Macaulay, F.L.A., F.A.S., President and Managing Director; Arthur B. Wood, F.L.A., F.A.S., Vice-President and Actuary; Robert Adair, W. M. Birks, Hon. Raoul Dandurand, J. Redpath Douglass, Sir Herbert S. Holt, Abner Kingman, J. W. McConnell, C. E. Neill, Carl Bjorndon, John W. Rose, His Honour James C. Tully, Hon. Lorne C. Webster. Three new directors were added at the meeting—Hon. L. A. Taschereau, Ross H. McMaster and C. B. McNaught.

THE ORIGIN OF THE LOCAL COLONIZATION BOARD IDEA

About four years ago a group of business men in a Western Canada town were struck with the urgent need for greater and more definite settlement of their district. They organized a Local Colonization Board, and asked the Dept. of Colonization and Development of the Canadian Pacific Railway to co-operate. Their idea was this; that they (business men and farmers) were in the best position to size up the district requirements and the best suited to place incoming colonists and look after their first needs—let the co-operation of the Colonization organization with connections in all overseas countries, was essential, to choose suitable colonists and see that they arrive in this district. A more logical combination of interests could not be imagined.

So originated the Local Colonization Board idea and during the past few years organizations have spread over the length and breadth of Canada, with over 250 Local Boards operating at the present time. Last year 35,000 new colonists were placed through these organizations, and it is expected that this number will be exceeded by at least fifty per cent. this year. In Central and Northern Alberta the Board idea was first introduced in the Fall of 1923, and at the present time there are 21 active Colonization Boards with a number of towns intending to organize this spring. This district was the first to organize in Alberta and last season particularly was instrumental in bringing in a large number of prospective farm owners. The immediate objects of this local organization are:

- 1 To invite prospective settlers to the district.
- 2 To serve as an information bureau to prospective settlers.
- 3 To obtain help for farmers (colonists).
- 4 Meeting and helping generally—new arrivals in the district.
- 5 Assisting present settlers to prepare necessary papers for the bringing out of families, relatives, or friends from the Old Country.
- 6 Assisting settlers or immigrants requiring employment.
- 7 To link up prospective settlers with farmers who wish to sell or rent. The Local Board has as its president F. H. Reed and the Secretary is Jesse Fraser. A limited number of overseas farm workers will arrive between March and August and farmers requiring extra help should get in touch with the Board at once.

LOCKHART NEWS

The play and dance put on by the Lockhart W.I. was a decided success. Roy Wise was an ideal butler. El. St. J. O'Neill, who took the part of the Rev. George Brown, brought the house down when he pointed out the straight and narrow way to Grover Robson and daughter. Len Beddoes, the other George Brown, was in rather a mess with three women on hand who all claimed to be Mrs. Brown. Miss Gladys O'Shea (Mrs. Beddoes), who announced herself as Mrs. Brown to save explanations to the servants found that she had quite a lot of explaining to do to George Brown's fiancée (Miss E. Gyor). Mrs. Brown (Mrs. G. A. Robson) was an ideal person's wife, even if she did get into the wrong flat. Maggie Grey (Mrs. Roy Wise), decided that carting tea all day was too much of a good thing so she quit without notice and married her old flame, John Adams. Orrar the Swede (Victor Pearson) was disgusted with the whole thing, but found solace in a good chew of snuff. The recitations by Miss Lett and Mr. Skellis were very good. Helen Jaffray dressed in Highland costume, danced the Highland Fling.

Judging by the applause, the dialogue "Blossom's Scenario" by Mr. O'Neill and Mrs. Beddoes, was quite a success. The music for the Overture and during the intermission was by Jack Halpin's Harmonizers and the Saxophone Solo by Jack Halpin was a special treat. The W.I. served a cafeteria supper. The only kick heard was when the Harmonizers played "Home Sweet Home" at 3 o'clock in the morning. Total proceeds for the evening, including sale of knitting was \$152.25.

The W.I. wish to thank all those who helped to make the evening a success.

The W.I. Girl's Club cleared \$12.50 from the sale of home made candy, sold by Roy Wise. Mr. Fraser held the lucky number on the raffle raffled by the Girl's Club.

The Junior U.F.A. held a very interesting meeting on Feb. 18. After the business, they danced and played games until midnight.

Mrs. Alex Jaffray and little son returned home on Friday.

Mr. Chas. Calkins has returned from the Bentley Hospital, where he underwent an operation for appendicitis.

O'Neill Bros. entertained Mr. and Mrs. G. H. Beddoes, Mr. and Mrs. L. Beddoes, Mr. Thomas and Mr. Krains at supper last Sunday night.

Mr. Wm. Baillie, who has been seriously ill for some time, is much better at present.

Mr. Donald Person, is leaving for Washington this week.

Don't forget the dance at Lockhart on March 2nd. The Lacombe "Harmonizers" will furnish the music. This is one of the best four piece orchestras in Central Alberta, so don't fail to come.

Mr. John Rathje, and his bride were guests of honor at a large gathering in the School Room on Friday evening last. The time was spent in music and dancing. The music supplied by Messrs. Farrell, Clark and Flegel was greatly appreciated. A generous donation was given toward a suitable gift which he presented at an early date. A large circle of friends wish Mr. and Mrs. Rathje a happy life.

Grant Thompson returned this week from a trip to B.C., and is pleased to get back. "The Sunset Derby"

Inside Story of the Race Track

The real story of the racing world at last is promised patrons of the Rex Theatre by Charles R. Rogers, First National producer, when "The Sunset Derby" opens its engagement here on Friday March 2nd. The picture which is based on a story by William Dudley Pelley, tells an interesting story of the sport of kings without the customary banalities and hackneyed turns of plot.

The suspense and drama are gotten out from the childish devices usually employed, but from the lives and personalities of the jockeys, track "hangars" and trainers who make up the personnel of the sport. Mary Astor and William Collier, Jr., play the feature roles.

Milton Sills and Tuesday

Milton Sills appears in a new type of characterization as "Hard-Boiled Haggerty," which Wild Gunning produced and Charles Brabin directed for First National Pictures.

As a hard bitten "ace" of the World War, he has a great deal of comedy action which proves him an artist in the lighter side of film entertainment. Molly O'Day plays opposite him, and with him in the cast are Arthur Stone, Mitchell Lewis and George Fawcett.

A. M. CAMPBELL'S

A DANGEROUS ACT

Hon. Geo. Hoadley, Minister of Health for the Province, has introduced a bill in the legislature providing for sterilization of mentally unfit. George is going pretty strong for a layman. He may be a pretty good fellow, but when it comes to knowledge of the ills of humanity and how they should be treated what he does not know would make a very large volume. There are so many faddists among all professions that it would be hard to have a competent board appointed to pass judgment as to the mental state of an individual. George, himself, may have some slight idiosyncrasy which some people might consider a mental deficiency; so may any one of us by considered mentally deficient along certain lines. In law cases either side has no trouble bringing in medical testimony where a case of sanity is being tried. Each side will have their experts to prove that the party is insane, or not insane, and bring in proof. It would be a dangerous Act. Far better would it be to segregate alleged mentally deficient in some institution, where they could be treated and if possible cured. Sterilization would in no way make a mentally deficient person safe in a community.

Whiteside Knocks Out Delaney

Baden Whitesides of Penhold was declared a winner over Joe Delaney, of Shelby, Montana, after the latter had his shoulder dislocated. Whitesides was substituting for Philip Befus. Delaney, who hails from Shelby, Montana, outweighed Whitesides by 15 lbs. and while fighting a fair fight could do little with his lighter and shifter opponent. Whitesides fought a slower fight and was never in danger, having the edge in every round, and again showed himself to be the class of the middleweight division. The preliminaries were of high order. Peabody decisively beating his more experienced opponent, Home, did a Burns and Frazier tough in nice draw as did Cliff Redwell and Vincent.

H. E. Francis of Winfield referred the bout to the entire satisfaction of all. Philip Befus was introduced and challenged the winner, which was accepted by Whiteside through his manager, P. Duffield, and a bout between these boys is expected to take place at Stettler later in the season.

W.C.T.U. TEA

A most successful tea and sale of baking was held by the W.C.T.U. of L.T.L. Band on Saturday afternoon. A very interesting feature of the affair was a cake competition for children under fifteen years. The Magic Baking Powder Co. donated a No. 2 Kitchen set as a prize for the best cake made by Magic Baking Powder. and Mr. W.C. Sweet, offered a prize of a fountain pen for the best cake made with Starline Flour, and the W.C.T.U. of L.T.L. for the best cake made of it in the city. Miss Helen Blevins, the fountain pen, Miss Elizabeth Lee, the Kitchen set, and Miss Julia Lee, the \$10.00. Mr. W.C. Sweet, as judge and presented the young cooks with highly, saying he would have liked to award a prize to each.

The next meeting of the L.T.L. Band will be held in the School Room of St. Andrew's Church on Sunday afternoon, March 11th, at 100 o'clock. An especially interesting and entertaining program is being prepared, and it is hoped every member will be in attendance.
